PROFILE

I'm passionate about programming, video games, manga, anime, and cats. I am proactive, responsible, committed, a team player, perseverant, self-taught, and I always strive to give my best in everything, regardless of whether the situation is simple or complex. I hold a degree in Web Development and Digital Applications from Instituto Superior Politécnico Córdoba, and I am currently studying for a Web Development degree at Universidad Nacional de Entre Ríos. I am constantly learning and growing my skills.

WORK EXPERIENCE

- January 2024 - Present**
Plubissoft Inc.
Web Development
 - Managed content integration and publication of articles on various CMS platforms such as WordPress, Shopify, Wix, Prestashop, and CPanel. My work includes creating web pages, optimizing content to improve visibility and user experience, and collaborating with cross-functional teams to ensure content aligns with business strategies and objectives. Kept websites updated and relevant by adapting content to evolving needs.
- August 2024**
Freelance - Collaboration on Juana Manso Site
 - Redesign of the Home in WordPress using Elementor, implementing an interactive slider and new sections. Created new content pages and modified the footer by adding a new section. Ensured site responsiveness for a better experience on mobile devices.
[Link](#)
- March 2024**
Freelance - Collaboration on ILK Abogados Argentina
 - Developed a slider with a video background in the Hero section of the homepage, using WordPress and the Divi builder. Ensured the design was fully responsive to improve the mobile experience.
[Link](#)
- October 2023**
Freelance - Layout Collaboration
 - Developed an interactive banner in the HubSpot CMS using HTML and CSS. The banner allows the client to change the images and text of each item, and on hover, both the text and the image dynamically change.
